

MĚNÍ SE ČAS

A man with a beard and short hair, wearing a grey sweater, is focused on repairing a brass pocket watch. He is seated at a dark wooden workbench. The background is a workshop filled with shelves of various tools and parts. On the workbench in front of him are several items: a green box of watch parts, a small brass component, a white mug with a floral pattern, and a brass container. The lighting is warm and focused on the man and his work.
